Chas. H. Foote was a visitor in Duncan Monday.

Vernon Martin was a business visitor in the valley the first of the week.

Mr. and Mrs. J. E. Irvine were Duncan visitors the first of the week.

J. H. Veltan was down from Morenci on business yesterday.

Sam Foster, of Duncan, has been spending several days in Clifton this week.

Justice of the Peace Campbell was down from Metcalf on business Saturday.

Hon. Ben M. Crawford returned Sunday from a short business trip to Phoenix.

Pickens Anderson returned the first of the week from Phoenix where he had been on business.

H. E. Brubaker, who has been in Phoenix for several days, returned to Clifton the first of the week.

C. K. Thompson was down from Morenci yesterday for a short visit with friends.

Henry O. Johnson came in from Hachita Saturday and spent Sunday with Clifton friends.

C. B. Nonnamaker, manager of the Longfellow store at Morenci, was in Clifton yesterday on a business mission.

Entertains Sister—  
Miss Lue McDuffie entertained her sister, Miss Mollie of Duncan, over Sunday.

Chairman Witt of the Board of Supervisors, accompanied by his daughter, Miss Callie, was a week-end visitor in the county seat.

In from Mule Creek—  
C. B. Keppeler, who has been making an extended stay on Mule Creek, returned to Clifton on Wednesday.

Undergoes Operation—  
Little Miss Friede Perry was operated upon Saturday, for adenoids. She is rapidly improving and will be able to resume her school duties soon.

Entertains with Enchilada Supper—  
Mrs. M. E. Crawford entertained with an enchilada supper on Tuesday evening in honor of Mrs. Baine, of Mankato, Minn.

Returns from Douglas—  
Pedro Blanes, who has been in Douglas for some time, returned to his home in Clifton the first of the week.

In from Double Circle—  
R. S. Johnson, foreman at the Double Circle ranch, was spending a few days in Clifton the latter part of last week.

Returns from Visit—  
Mrs. M. Brutinel returned from El Paso on Wednesday after a short visit with her daughter, Mrs. Chas. Owens.

Recovering from Illness—  
Little Johnnie Callicotte, who has been ill with bronchial pneumonia, is reported as much improved and rapidly recovering.

Bringing Back New Car—  
Jack Albrecht is expected in from El Paso tomorrow with a new Premier car which will be put into commission on the stage line.

Ladies Auxiliary to Meet—  
The Ladies' Auxiliary of the Presbyterian church will meet with Mrs. N. G. Hardy on Thursday afternoon, March 1st, at 2:30 p. m.

Returns from Tucson—  
R. H. Bailey, who has been in attendance at the federal court as a juror at Tucson for the past month, arrived in Clifton Tuesday. He left for his ranch on Eagle after a short stay here.

Visitor from Valley—  
Frank Webster, chairman of the Board of Supervisors in Graham county, and who is well known in this district where he has many friends, has been spending several days in Clifton on business.

### To Live With Parents—

Mrs. N. Robertson and little son left for Duncan Tuesday morning where they will make their future home with Mrs. Robertson's parents, Mr. and Mrs. J. C. Tyler.

### Arrives with New Truck—

Buck Young arrived home this evening from El Paso having driven through in a new Republic truck which will be used in the future in the transfer business.

### Brother Killed—

Mrs. D. E. Andress received the intelligence the first of the week that her brother, Ed Jefferson, had been shot and killed in San Antonio, Texas. No details of the affair have been obtained at this time.

### Return from Visit—

Mrs. Pickens Anderson and son, James, returned home on Tuesday after a week's visit with her sister, Mrs. B. R. Lanneau, in Duncan. Her brother, Ira Border, accompanied her to Clifton where he will make an extended visit.

### Raymond Shortridge Entertains—

Little Raymond Shortridge entertained on Monday afternoon from 2:30 to 6 o'clock, celebrating his third birthday. Quite a crowd of little folks were present and enjoyed games and a general good time. Ice cream and cake were served.

### Leaves for Convention—

A. T. Wilson, manager of the Double Circle ranch, arrived in Clifton the latter part of last week and later left for El Paso where he will attend the meeting of the Southwestern Cattleman's Association which is to be held in the Pass City. Mr. Wilson is an officer of the association.

### Parents of Boy—

Mr. and Mrs. Harry Neilson are this week rejoicing over the arrival of a son who came to make his home with them on Sunday. Mother and babe are progressing finely and it is thought that with proper care Harry will soon recover from his "son stroke."

### New Telephone Line—

A survey is being made this week by the Mountain States Telephone company for a new line between Clifton and Lordsburg. The line will first be constructed to Duncan via the new wagon road and later the service will be extended to Lordsburg.

### Receive Sad News—

Mrs. J. E. Stephens and Mrs. Mack Kline received a message Sunday informing them of the death of their sister-in-law, Mrs. Moseby Johnston, of Cisco, Texas. Mrs. Johnston leaves four small children, one a babe but a week old. The relatives have the sympathy of many friends in their sad loss.

### NEW GLENWOOD GARAGE

The Greenlee Garage on the East Side was taken over on the 15th of the month by new parties and will hereafter be known as the Glenwood Garage. The young men who have taken over the business are C. C. Cooper, Glenn Pierson, Douglas Phillips and G. A. Knause.

The boys have opened for business and are all practical mechanics, each being an expert in his own particular line. Mr. Cooper has been in the business for several years, four years having been spent in Arizona. Mr. Pierson has also been in the business for eight or ten years and has originally from California. Mr. Phillips is a rubber man and his specialty is vulcanizing the art of which he is past master. Mr. Knause is the electric and battery man with twelve years experience and is one of the best mechanics in his line. With a combination of mechanics such as these boys have to offer there will be no auto trouble too difficult or intricate for them to handle.

Mr. Phillips is at present in El Paso where he has gone to purchase new and up to date machinery for the garage and when this is installed the new firm will be equipped to handle any class of work that is connected with the automobile business. The boys all come well recommended and we bespeak for them a liberal patronage from the automobile owners of this section.

### EXCAVATING FOR STORE

The vacant lot on Chase Creek formerly occupied by the Manila hotel, is this week being excavated and graded preparatory to the erection of a fine business block. The building will be erected by Garcia & Norte and the plans are to make it one of the most substantial and handsome buildings on the street. The structure will be built of brick and will occupy a space 50x60 feet. Large plate glass windows will occupy the entire front of the building which will afford an excellent opportunity to display the stock of furniture, etc., which the firm carries. The structure will be a credit to this enterprising firm and when completed will house one of the most extensive lines of furniture in this section of the state.

### NOTICE TO THE PUBLIC

A curfew law will go into effect on the 1st of March. On and after this date as a signal the fire whistle will be blown at 8:30 each evening when all minors are expected to be in their homes, unless accompanied by parent or guardian. 2-16-2ts

### NOTICE TO STOCKHOLDERS

There will be a meeting of the stock holders of The Clifton Water & Improvement Company at their office in the town of Clifton, Arizona, on Monday, March 5th, 1917, at 10 a. m. W. S. PRADFIELD, Secretary.

2-16 2tc.

### MINING ENGINEERS CONVENTION

New York, Feb. 19.—More than 500 mining engineers from practically every section of the country met here today for the 14th convention of the American Institute of Mining Engineers. Sessions will continue throughout four days and subjects of great importance to the American mining world are on the program for discussion.

The indebtedness of the United States to Brazil for its supply of manganese ores since the outbreak of the European war was pointed out in the course of today's proceedings by Dr. Joseph T. Singewald, Jr., and Dr. Benjamin LeRoy Miller. It was stated that manganese was one of the few industrially important metals that are not produced in the United States in quantity commensurate with the needs, and that there is now being imported about 300,000 tons annually. In a year's time Brazil's share of the manganese importation jumped from two-fifths to nine-tenths of the total. Prior to the war India and Russia furnished the greater part of the American supply.

Today's morning sessions were on the general subject of geology and metallurgy. Special features were a paper on the recent geologic developments on the Mesabi Iron Range, Minnesota, by J. F. Wolff, and papers on Grain Growth Phenomena in Metals by Zay Jeffries and Dr. Henry M. Howe.

Discussions of subjects relating to petroleum, gas, milling and smelting were brought out in two afternoon sessions. Among the special subjects were Evidence of the Oklahoma Oil Fields on the Anticline Theory, by Dorsey Hager, and the Magnetic Concentration of Low-Grade Ores, by S. Norton and S. Le Fevre. In the latter paper it was stated that the mining chance of "striking it rich" has been eliminated by the manufacturing certainty of handling large quantities of material as proven by porphyry copper mines of the West.

This afternoon the ladies attending the convention were entertained at the New York home of Henry C. Frick.

Tonight the mining engineers held a reunion celebration in the towering structure of the Engineering Societies in West 39th Street.

(Signed) Bradley Stoughton, Sec. American Institute of Mining Engineers, New York.

Lots of men would never be able to recognize themselves as fools if they didn't fall in love.

### SCHOOL NOTES

The basket ball game between the Morenci and Clifton teachers Thursday evening at Morenci resulted in a 13 to 8 victory for Clifton. The Morenci team gave the visitors a banquet after the game. A fine spirit was shown both by teachers and spectators and the local team is sorry the season is soon to end.

The local schools spent the afternoon of Washington's birthday in school exercises and athletic events. The South Clifton third, fourth and fifth grades won from North Clifton in spelling, the girls in Miss Walton's room won from the boys. Miss Loudermilk's room won from Mrs. Spann's third grade in spelling but lost in arithmetic.

The sixth grade girls from Mr. Bright's room won from Miss Tucker's room in basket ball by a score of 26 to 13.

Rev. Bain, of Mankato, Minn., gave the high school students a very interesting and profitable address Friday afternoon.

The oratorical contest Friday evening was a very successful affair and the winner, Saul Rabinowitz, left for Phoenix Tuesday morning where he will compete against other contestants of the state in the annual contest conducted by the Sons of the Revolution.

The school children were given a part holiday today on account of Washington's birthday and spent it in patriotic exercises and athletic events.

The reading contest among the children is growing in interest and excitement.

The committee on the high school annual announce that the work is about completed. Mr. Risdon, our local photographer, has been busy this week making the pictures for the issue.

Mr. Bob is progressing nicely and his recovery is assured.

The Savranoffs, the Russian trio, were a grand success. Mr. Savranoff was easily the best violinist that has been in our city and the other two were almost as strong. The next attraction will be the Fairchild Sisters, who will be here on April 24th.

### FLOUR MILL FOR DUNCAN

Duncan, Feb. 21.—Duncan is to have a flour mill. This is the announcement made this week by Taylor Brothers, recent arrivals from the Mormon colonies of Mexico.

A deal was closed on last Saturday for the purchase of four lots in the Head addition to Duncan, and the mill is to be erected at a point next to the electric light plant. The building is to be constructed of adobe, it is understood, and work is to be commenced at once. The new mill will probably be in operation within 90 days from the time work is commenced.

The name of the company is the Taylor Brothers Milling company, and the Messrs. Taylor are well acquainted with the milling business, having been engaged in that pursuit for some years. They are at present arranging with local farmers to sow wheat this season, and many of them are doing so. It is planned to produce sufficient wheat in the Duncan valley to keep the mill in operation continuously during the milling seasons. The capacity of the mill has not been made public as yet, but it is believed that Messrs. Taylor will decide to install at least a 50-barrel capacity mill to begin with, adding another unit as the business demands.

The installation of a flour mill in Duncan is a move which has been looked forward to for years by the many farmers of the district, as they have no market for their wheat save by shipping out of the valley or selling it for chicken feed, etc. The mill will prove to be one of Duncan's most important industries, if not the most important.—Duncan News.

China's celebrated door is evidently wide open to the reception of American loans.

## Mines, Mining Properties and Mining Stocks

### BOUGHT AND SOLD

C. L. Bagwell & Company  
Martin Bldg. El Paso, Tex.
